TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 22—APPEALS OF PREFERENCE ELIGIBLES UNDER THE VETERANS' PREFERENCE ACT OF 1944

PART 24—FORMAL EDUCATION REQUIREMENTS FOR APPOINTMENT TO CERTAIN SCIENTIFIC, TECHNICAL, AND PROFESSIONAL POSITIONS

MISCELLANEOUS AMENDMENTS

1. The final sentence in § 22.10 (a) reading "The contents of a formal finding on such loyalty aspects in cases under section 14 will not contain information which will be inconsistent with the pledge of confidence attached to testimony and evidence in such cases" is hereby revoked.

(Secs. 11 and 14, 58 Stat. 387; 5 U. S. C. 863)

2. Section 24.63 is amended to read as follows:

§ 24.63 *Physiologist (Human) P-414-1-8 (positions involving highly technical research, design or development, or similar difficult scientific functions)*—(a) *Educational requirement.* Applicants must have successfully completed a full 4-year course leading to a degree, with major study in physiology, in an accredited college or university, with courses totaling at least 20 semester hours in physiology or in any combination of 20 semester hours of biology, biochemistry, and physiology which has included at least 10 semester hours in physiology.

(b) *Duties.* With responsibility proportionate to the grade, physiologists investigate those factors affecting the physiology of man and of animals through laboratory and clinical research and act as consultants to various Federal agencies on all types of problems involving physiology.

They examine and direct studies of the physiological effects of climate, environment, activity, clothing, and food upon man. They may conduct such tests on individuals or on small or large groups of persons under a wide range of circumstances. By these experiments and researches they add to the current fund of knowledge in the field of physiology

and recommend modifications of clothing, food, or equipment for our armed forces according to the results of these tests.

(c) *Knowledge and training requisite for the performance of duties.* In order that the appointee may successfully perform the professional duties of physiologist, it is necessary that he have a basic knowledge of the physical and biological sciences and have scientific training in physiology. The specific knowledges of physiology, biochemistry, and biology must be augmented with more generalized scientific information in chemistry, mathematics, and physics. As appointees will be required to perform research in physiology, they must have aptitude and training in the methods of original research, together with the ability to discover and interpret new relationships in physiology. They must have the ability to present clear and accurate reports of their scientific work.

(d) *Method of obtaining basic knowledge and training.* These positions are research in character and the duties require that incumbents be thoroughly trained in the field of physiology and the related sciences. The only place in which the required knowledges and training may be obtained is in accredited colleges in which adequate courses of instruction have been developed, which have well equipped laboratories and thoroughly trained instructors, and in which the training is so organized and progress so evaluated as to insure adequate training in the field of physiology. (Sec. 5, 58 Stat. 388; 5 U. S. C. 854)

TITLE 29—LABOR

Chapter V—Wage and Hour Division, Department of Labor

Subchapter A—Organization, Procedures and Substantive Rules and Statements of General Policy or Interpretation Applicable Thereto

PART 516—RECORDS TO BE KEPT BY EMPLOYERS

On March 12, 1943, a notice was published in the FEDERAL REGISTER that the Administrator proposed to amend the regulations contained in this part in the manner hereinafter set forth, and interested persons were given 30 days within which to submit any data, views, or arguments pertaining thereto. The 30-day period has expired and no objections to any of the proposed amendments have been received, except an objection by one organization to the changes proposed to be made in § 516.11, paragraphs (d) (1) and (d) (2).

After careful consideration of this objection and of all other relevant matter, it is my conclusion that the proposed amendments are necessary or appropriate for the enforcement of the provisions of the Fair Labor Standards Act of 1938 (52 Stat. 1060; 29 U. S. C. 201) and the regulations issued thereunder, within the meaning of section 11 (c) of the act. The reduction from four to three years in the length of time which records (other than basic records) must be preserved brings this record-keeping requirement more nearly into line with the two-year statute of limitations imposed on employee suits under the act by the Portal-to-Portal Act, and at the same time is consistent with the general federal statute limiting the time for commencing criminal actions to three years.

Another of the amendments will make the regulations conform with the provisions of section 7 (b) (2) of the act, as amended. In addition, one of the record-keeping requirements pertaining to home workers will be simplified.

Accordingly, pursuant to authority vested in me by section 11 (c) of the Fair Labor Standards Act of 1938, the regulations contained in this part are hereby amended as follows:

1. Substitute "2030" for "2000" in subparagraph (2) of paragraph (a) of § 516.3 so that the language up to the semicolon will read:

§ 516.3 *Employees under certain union agreements who are to be paid for overtime over 12 hours a day or 56 hours a week as provided in section 7 (b) (1) or 7 (b) (2)—(a) Items required.* * * *

(2) On an annual basis in pursuance of an agreement, made as a result of collective bargaining by representatives of employees certified as bona fide by the National Labor Relations Board, which provides that the employee shall not be employed more than 2020 hours during any period of 52 consecutive weeks;

2. Substitute "2030" for "2000" in subdivision (ii) of subparagraph (2) of paragraph (c) of § 516.3 so that the subparagraph will read:

-(c) *Records of persons and periods employed under agreements.* * * *

(2) Indicating the period or periods during which the employee pursuant to an agreement, has been or is employed for either,

(i) Not more than 1000 hours during any period of 26 consecutive weeks, or
(ii) on an annual basis and for not more than 2080 hours during any period of 52 consecutive weeks and

3. Delete the words "and hour" from subparagraph (i) of paragraph (d) of § 516.11 so that the subparagraph will read:

§ 516.11 *Homeworkers.* * * *

(d) * * *

(1) Date on which work is given out to worker, and amount of such work given out,

4. Delete the words "and hour" from subparagraph (2) of paragraph (d) of § 516.11 so that the subparagraph will read:

(2) Date on which work is returned by worker, and amount of such work returned,

5. Delete the word "four" and the number "4" where used in § 516.14 and insert in their respective places the word "three" and the number "3" so that this section will read:

§ 516.14 *Records to be preserved three years*—(a) Each employer shall preserve for at least 3 years:

(1) *Pay-roll records.* From the last date of entry, all those pay roll or other records containing the employee information and data required under any of the applicable §§ 516.2 to 516.13 inclusive, and

(2) *Certificates, union agreements, and notices.* From their last effective date, all those certificates, union agreements and amendments or additions thereto, and notices listed or named in these same applicable sections.

The above amendments shall become effective 30 days after publication in the *FEDERAL REGISTER*.

DEPARTMENT OF LABOR

Division of Public Contracts

[41 CFR, Part 202]

TEXTILE INDUSTRY

NOTICE OF HEARING ON AMENDMENT OF PREVAILING MINIMUM WAGE DETERMINATION

Whereas, the Secretary of Labor, in the prevailing minimum wage determination for the textile industry, issued pursuant to the provisions of the act of June 30, 1936 (49 Stat. 2036; U. S. C., tit. 41, secs. 35-45; otherwise known as the Walsh-Healey Public Contracts Act) and dated November 17, 1941 (41 CFR, 1941 Supp., 202.43) determined that the prevailing minimum wage for persons employed in the performance of contracts with agencies of the United States Government subject to the provisions of the act for the manufacture or furnishing of the products of the textile industry was 37½ cents an hour or \$15 for a week of 40 hours, arrived at either upon a time of piecework basis; and

Whereas, the Acting Secretary of Labor, on May 25, 1942 (41 CFR, Cum. Supp., 202.43) amended the wage determination for the industry: (1) By finding that the prevailing wage in the industry was 40 cents an hour; and (2) by adopting the definition of the textile industry contained in a wage order (29 CFR, Cum. Supp., 619.4) issued pursuant to the Fair Labor Standards Act of 1938; and

PROPOSED VOLUNTARY PLAN FOR ALLOCATION OF PETROLEUM PRODUCTS

NOTICE OF PUBLIC HEARING

In order to carry out the requirements of Executive Order 9919 (13 F. R. 59), and acting under the authority vested in me by said Executive order,

Notice is hereby given that a public hearing will be held on Friday, the 18th day of June 1948, at 10:00 a. m., d. s. t., in the Auditorium on the street floor of the Department of the Interior, C between 18th and 19th Streets NW., in the city of Washington, D. C., for the purpose of affording to industry, labor and the public generally an opportunity to present their views with respect to the proposed voluntary plan, under Public Law 395, 80th Congress, for the allocation of petroleum products, of which plan a draft is set forth in Appendix A hereto (subject to further revisions at and subsequent to the public hearing).

The proposed plan has been formulated by and in consultation with representatives of the petroleum industry.

Any person desiring to participate in said public hearing should file a written notice of appearance with the Director of the Oil and Gas Division, Room 6654, Department of the Interior Building, Washington 25, D. C., not later than 5 p. m., d. s. t., on Monday, the 14th day of June 1948. Persons desiring to present written statements or memoranda should submit them at the hearing.

J. A. KRUG,
Secretary of the Interior.

JUNE 7, 1948.

APPENDIX A

Proposed plan for voluntary allocation of petroleum products under Public Law 395, 80th Congress.

It appearing that during the latter half of 1948 and the early months of 1949 the supply of petroleum products may be insufficient to satisfy the essential requirements of all domestic consumers thereof in all areas throughout the country as and when needed; that any serious disruption in the supply of such products to domestic consumers would adversely affect the economy of the area in which it might occur; that a program of voluntary action by the petroleum industry duly approved by the Secretary of the Interior and the Attorney General of the United States has with the effective assistance of the state and local fuel coordinators helped to eliminate consumer hardships in the areas in which they have occurred during the past few months; and that the adoption of the voluntary plan hereinafter set forth will aid in stabilizing the economy of the United States, aid in curbing inflationary tendencies, and promote the orderly and equitable distribution of petroleum products.

Now, therefore, pursuant to Executive Order 9919, dated January 3, 1948 (13 F. R. 59), and after consulting with representatives of the petroleum industry and after affording industry, labor, and the public generally an opportunity to present their views with respect to such plan at a public hearing, the Secretary of the Interior hereby promulgates the following voluntary plan for the petroleum industry under Public Law 395, 80th Congress.

1. This plan shall become effective upon the date of its formal approval by the Secretary of the Interior and shall terminate at the close of business on February 23, 1949, or at such earlier time as the Secretary of the Interior may hereafter designate in accordance with Section 2 (d) of Public Law 395, 80th Congress.

2. Each member of the petroleum industry participating in this plan shall direct its efforts toward the prevention, elimination and alleviation of hardship situations at the consumer level which result from the insufficiency or disruption in the supply of any of the following products: gasoline and other motor fuels, kerosene, distillates and heavy fuel oils. Cooperative activities among such industry members and with state and local fuel coordinators for the prevention, elimination and alleviation of hardship situations at the consumer level are authorized hereunder.

3. Each member of the petroleum industry participating herein should continue the equitable distribution of its available supplies of gasoline and other motor fuels, kerosene, distillates and heavy fuel oils among all its customers, after fulfilling essential requirements for the military, food production and services essential to public health and safety. In determining equitable distribution each such member may give consideration to its pattern of distribution among its customers of the preceding season or year and to such other factors as lend themselves to the fulfillment of the purposes of Public

Law 395. Each such supplier should make known to its customers periodically, at least once every three months commencing with the effective date of this plan, the formula employed by it for equitably allocating distribution of such products.

4. For the purposes of activating and implementing the provisions of this plan, the National Petroleum Council is authorized to appoint District Committees which shall be representative of all segments of the petroleum industry. The districts in which such committees are to operate shall be substantially identical in geographical area with the districts created under the Petroleum Administration for War. The District Committees may appoint Subcommittees to operate in local zones or regions within each district. The proposed personnel of all District Committees and Subcommittees thereof shall be submitted to the Director of the Oil and Gas Division of the United States Department of the Interior for approval and his approval shall be obtained before their appointments may become effective.

5. Minutes of meetings of all Committees and Subcommittees shall be kept and copies thereof shall be promptly furnished to the Director of the Oil and Gas Division of the United States Department of the Interior. Meetings of all District Committees and Subcommittees shall be open to duly accredited representatives of the Federal Government, but the presence of representatives thereof shall not be a requisite to the holding of any meeting.

6. In order to assist the Federal Government and the Petroleum Industry in fulfilling their respective responsibilities under this plan and to secure the maximum benefits therefrom, the National Petroleum Council, the District Committees and the Subcommittees are authorized to assemble such data and to make such studies relating to the supply and demand of petroleum, petroleum products, or any of them, including the study of seasonable inventories in each district or area, as they may deem advisable. All data so assembled and the results of all such studies shall be promptly furnished to the Director of the Oil and Gas Division of the United States Department of the Interior.

7. Each District Committee and each Subcommittee is authorized to make recommendations from time to time for voluntary action by members of the industry (a) for adjusting the refinery yields of petroleum products in a manner deemed advisable by such committee to prevent disruptions in supply at the consumer level, and (b) for the more effective distribution of petroleum products to prevent, eliminate or alleviate hardship at the consumer level. Recommendations may also deal with purchases, exchanges, loans, transportation agreements, or other measures which such committee may deem appropriate, including the voluntary participation in local programs for the relief of hardship situations on the consumer level. The Director of the Oil and Gas Division of the United States Department of the Interior shall be promptly advised of all such recommendations.

8. The National Petroleum Council, each District Committee and each Subcommittee is authorized to obtain such facilities and personnel as it may deem necessary for its activities hereunder and to finance its activities by voluntary contributions on such basis as it may determine.

9. All members and organizations of the petroleum industry participating in this plan may continue and extend the efforts heretofore made to promote consumer conservation of all petroleum products by all classes of users.

10. This plan does not apply to the exportation of petroleum or petroleum products.

11. No activity authorized under this plan shall concern the fixing of prices for petroleum or petroleum products nor shall anything in this plan be construed as permit-

ting any member or organization of the petroleum industry to engage in any activities which are beyond the scope and purposes of Public Law 395.

12. The District Committees and Subcommittees created hereunder are authorized to cooperate with and assist state and local fuel coordinators and similar groups in the discharge of their responsibilities, and, in this connection, to encourage and foster the adoption by them of uniform practices and procedures to aid in furthering the objectives of this plan.

All members of the petroleum industry are hereby requested and authorized to comply with this voluntary plan, to follow any and all recommendations made pursuant to this plan, and to cooperate with other members of the industry in carrying on any and all activities authorized by this plan. To the extent that a member of the petroleum industry complies with this voluntary plan, with recommendations made under the plan, and cooperates with other members of the industry in carrying on activities under the plan, he will be entitled to the immunities from the antitrust laws of the United States and the Federal Trade Commission Act as provided for in section 2 (c) of Public Law 395, 80th Congress, but such immunities however shall not extend to any activities which are not within the intent and purposes of said Public Law 395.

SECURITIES AND EXCHANGE COMMISSION

[File Nos. 54-75, 70-726]

COMMONWEALTH & SOUTHERN CORP.
(DELAWARE)

ORDER PERMITTING DECLARATION TO BECOME
EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 1st day of June 1948.

The Commonwealth & Southern Corporation ("Commonwealth") a registered holding company, having filed a declaration pursuant to the Public Utility Holding Company Act of 1935, particularly section 12 (c) thereof and Rule U-46 thereunder, regarding the proposed payment of a dividend of \$1.50 per share or an aggregate of approximately \$2,161,870 on the outstanding shares of its preferred stock, payable on the 28th day

after the date of the order of the Commission permitting the payment of such dividend or on July 1, 1948, whichever date is later, to stockholders of record at the close of business on the 10th day after the date of such order (or if such 10th day is not a business day, the first business day following such 10th day) or on June 11, 1948, whichever date is the later; and

The Commission having heretofore instituted proceedings under sections 11 (b) (1) and 11 (b) (2) of the act with respect to Commonwealth and its subsidiaries; and

Commonwealth having filed a plan for compliance with such sections of the Act, providing, among other things, for the liquidation of Commonwealth, and

Commonwealth having stated in the instant declaration that "The Board * * * recognizes that, in view of the pending proceedings, the 'Earned Surplus' account may be so qualified that under the rules and practice of the Commission, payment of said dividend is subject to the requirement of Commission authorization under the provisions of Section 12 (c) of the Act and Rule U-46 in spite of the fact that, as authorized by Section 34 of the Delaware General Corporation Law, the source of payment of such dividend under such Law is Commonwealth's net profits for the current and preceding fiscal year"; and

The instant declaration having been filed on May 11, 1948 and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for a hearing with respect to said declaration within the period specified in the said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission deeming that it would not be necessary or appropriate to deny effectiveness to the declaration under the standards of section 12 (c) of the act and Rule U-46 if it should be found that the proposed payment were to be made out of capital and that, therefore, it is unnecessary for the Commission to determine whether said proposed payment is being made out of capital; and

The Commission therefore deeming it appropriate in the public interest and in the interest of investors and consumers to permit said declaration to become effective insofar as section 12 (c) and Rule U-46 are applicable to the proposed payment; and

Commonwealth having requested that the Commission's order be issued herein on or before June 1, 1948, and become effective forthwith, and the Commission deeming it appropriate to grant such request:

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid declaration be, and the same hereby is, permitted to become effective forthwith: *Provided, however* That this order shall not be construed as a determination that such dividend payment is or is not taxable to the recipient pursuant to the provisions of the Internal Revenue

Code; *And provided further*, That Commonwealth accompany the dividend checks with a statement to the effect (1) that Commonwealth filed the declaration regarding the proposed dividend payment pursuant to section 12 (c) and Rule U-46 by reason of its uncertainty as to whether the "Earned Surplus" account may be so qualified, under the Rules and practice of the Commission, that payment of the proposed dividend is subject to the requirement of Commission authorization under the act and the rules thereunder and that the Commission permitted the declaration to become effective without determining whether the proposed payment is being made out of capital and (2) that the Commission's action in permitting the declaration to become effective should not be construed as a determination that such dividend payment is or is not taxable to the recipient pursuant to the provisions of the Internal Revenue Code.

By the Commission.

AMERICAN POWER & LIGHT CO.

SUPPLEMENTAL ORDER RELEASING JURISDICTION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 1st day of June A. D. 1948.

American Power & Light Company ("American"), a subsidiary of Electric Bond and Share Company, both registered holding companies, having filed a declaration, and amendments thereto, pursuant to section 12 (d) of the Public Utility Holding Company Act of 1935 regarding the sale by American of \$2,100,000 in principal amount of First Mortgage Bonds, 3 1/4% Series, due 1977, of Pacific Power & Light Company, an electric utility subsidiary of American, and having requested an exemption from the competitive bidding requirements of Rule U-50 with respect to the proposed sale of said bonds; and

The Commission having by order dated May 14, 1948, permitted said declaration, as amended, to become effective, and granted said application for an exemption of the sale from the competitive bidding requirements of Rule U-50, subject to the condition that the proposed sale not be consummated until the results of negotiations had been made a matter of record in these proceedings and a further order entered by the Commission in light of the record as so completed, and subject to a reservation of jurisdiction with respect to the payment of all fees and expenses incurred or to be incurred in connection with the proposed transactions; and

American having filed a further amendment herein setting forth that after negotiations with two distinct prospective purchasers an agreement has been entered into between American and

The Northwestern Mutual Life Insurance Company, of Milwaukee, Wisconsin, with respect to the sale of said bonds, said agreement providing that the price to be paid to American for said bonds will be \$101.75 per unit, resulting in net proceeds to American from the sale of said bonds of \$2,125,500 or \$101.24 per unit, after deducting estimated fees and expenses totaling \$11,250; and

Said amendment containing a statement that American will, in accordance with a commitment made at the time it acquired said bonds, pay to Pacific Power & Light Company approximately \$25,500 in cash, such amount representing the estimated net proceeds to American in excess of the principal amount of said bonds plus accrued interest; and

The record also having been completed with respect to expenses incurred or to be incurred in connection with the proposed transaction in the above mentioned amount of \$11,250, including a finder's fee of \$5,250 to be paid to Kidder, Peabody & Company and including counsel fees of \$4,000 to be paid the law firm of Reid & Priest, and it appearing to the Commission that such expenses including legal fees are not unreasonable and the Commission having examined said amendment and having considered said record as completed, and finding no basis for the imposition of terms and conditions with respect to such matters:

It is ordered, That jurisdiction heretofore reserved with respect to the results of negotiations and the payment of fees and expenses incurred in connection with the proposed transactions be, and the same hereby is, released, and that the declaration, as further amended, be, and the same hereby is, permitted to become effective, subject to the terms and conditions prescribed by Rule U-24.

It is further ordered and recited, That the consideration to be received by American for the \$2,100,000 principal amount of Pacific Power & Light Company First Mortgage Bonds, 3½% Series, due 1977, namely \$2,136,750 or \$101.75 per unit, is cash to be received pursuant to a step which is necessary or appropriate to the integration or simplification of the holding company system of which American is a member and is necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935.

By the Commission.
